Feedback Form ADFOCS 2001

The Max-Planck-Institute will continue to organise this summer school and similar events in the future. For each of the following items therefore please write at least a sentence stating what you liked and/or what you didn't like. Please try to be specific, and, in the case of criticism, constructive (counterexamples: "Quite good all in all" is not specific; "Adfocs sucks" is not constructive).

1. Lectures/Lecturers (The feedback you give here will not be forwarded to the lecturers, except maybe if it's very positive.)

2. Exercises

3. Talk-Show/Excursion

4. Organization/Other

Please return the filled-out sheet, together with your Mensa-Card, to the registration desk on Saturday during the lunch break. There you will also find a certificate for your having attended ADFOCS'01. Thanks for your help!
