

# Feedback Form ADFOCS 2004

The Max-Planck-Institute will continue to organise this summer school and similar events in the future. For each of the following items therefore please write at least a sentence stating what you liked and/or what you didn't like. Please try to be specific, and, in the case of criticism, constructive (counterexamples: "Quite good all in all" is not specific; "Adfocs sucks" is not constructive).

1. Lectures/Lecturers (The feedback you give here will not be forwarded to the lecturers, except maybe if it's very positive.)

2. Exercises

3. Excursion

4. Organization/Other

<p>Please return the filled-out sheet, to the registration desk on Friday during the lunch break. There you will also get a receipt for your registration fee, in case you have paid it, and your grant, in case you got one. Thanks for your help!</p>
